

# **ADISRA®** SmartView

# How to Activate a HardKey License

#### **Document Information**

Software Version:	4.0.3.5
Creation Date:	August, 2022
Last Edit Date:	18, August, 2022
Version:	1.0

## 1. Purpose of this article

### 2. How to activate a Hardkey license

- 1. Connect the dongle to the computer's USB port;
- 2. ADISRA SmartView and in the top menu, click on the "License" tab.

3. Then click the "Register" button.

License Information	
Hardware ID Output path: C:\Users\Filippo\Desktop\license.code Generate license.ci	ode
After generating the license.code send it to ADISRA	
License License path: Valid Advance	ate
	ок

5. A file will be generated on the desktop.

6. Send an email to "**info@adisra.com**" attaching the Hardkey activation file (**License.code**). In the body of the email, inform the current version of ADISRA SmartView and the Serial Number of the license, which can be found in the certificate of authenticity.

**Note:** If you are activating a temporary license, write "Temporary License" in the "Serial Number" field located in the body of the email

CERTIFIC	ATE OF	AUTHENTICITY
Сс	ompany	Name
This certifies tha	t ADISRA SmartView you have pu	irchased, is authentic and genuine.
	ADIS	RA
ADISRA	SERIAL#: XX XXX	RA EMAIL: xxxxxxxx@xxxxx.xx

- 7. Once this is done, the ADISRA team will activate the HardKey license. A file called "License.Lic" will be sent to your email, in which you have the HardKey activation code.
- 8. Now with the "License.Lic" file in your possession, open ADISRA SmartView again. A window will inform you that the current license is not valid as the software is not licensed. Click "Yes" to continue.

 In the "License Type" field, select the HardKey option. Then click on the "..." button and point to the "License.Lic" file. After clicking the "Validate" button, your license is ready to use. You have successfully validated your HardKey.
